

WIPES CLOG PIPES!

Please be advised it is never acceptable to flush the following items:

***** Paper Towels**

Tampons

Plastics

Medicine

Cotton Balls

***** Any Wipes**

Trash

Diapers

Kitty Litter

Latex Products

The health and safety of our community is at the top of everyone's mind, and we ask during this time of heightened disinfecting, for everyone to remember that disinfecting and other wipes are NOT flushable (even those marked as such).

Flushing any of the items listed above can and has created costly sewer repairs along with sanitary sewer overflows to the Borough of Flemington, and its residents.

Please do your part to keep our Borough safe, clean, and healthy for not only our personnel but everyone.

Thank You
